ABOUT ME

UI/UX Designer with 5+ years of experience across the full website lifecycle — concept, wireframing, prototyping, visual mockups, implementation, testing, and deployment. Skilled at turning requirements into clean, user-focused interfaces using Figma, Adobe Photoshop, Illustrator, After Effects, and Canva, together with front-end technologies (HTML5, CSS3, JavaScript, Bootstrap, Angular). Experienced managing multiple web projects in parallel and delivering them on deadline.

JOB EXPERIENCE

Executive UI/UX Designer
Oct 2023 – Present
Simple Logic IT Pvt. Ltd.

FEATURED PROJECTS

Simple Logic IT — Corporate Website
simplelogic-it.com

- Designed and structured the corporate site for an IT consulting & managed-services company, organizing cloud, infrastructure, and managed-services offerings into a clear, navigable layout.
- Created responsive UI screens, hero sections, service cards, and enquiry forms aligned to the brand's "Making IT Simple" identity; delivered wireframes, mockups, and prototypes.

Design Figma | Adobe Photoshop | Adobe Illustrator | After Effects | Canva

Connexxaiq — AI Platform Website
connexxaiq.com

- Designed the UI/UX for the company's AI platform website, from concept and wireframes through high-fidelity visual mockups and interactive prototypes.
- Built a clean, modern, responsive interface for the AI offering — landing, feature sections, and lead-capture — with a consistent visual system.

Design Figma | Adobe Photoshop | Adobe Illustrator | After Effects | Canva
